UNITED STATES DEPARTMENT OF AGRICULTURE

SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

NOVEMBER 1935

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each or 25 cents a year (foreign, 45 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

LABELS FOR IMPORT MEAT OR PRODUCT

On the principal display panels of all labels for foreign meat or product offered for importation into the United States the name of the country of origin in the English language shall be shown prominently in direct connection with the name of the product, as for example, "Corned Beef, Product of Brazil" or "Corned Beef Prepared in Brazil." (The Tariff Act of 1930 requires that imported articles bear the name of the country of origin.)

There shall also be shown prominently on a sharply contrasting background on the principal display panels of all labels of foreign meat or product in package form the quantity of the contents of the package.

When the name of a concern other than the manufacturer appears on the label of a foreign meat or product offered for importation into the United States, there shall be shown on the label in prominent letters immediately preceding the name of such concern a statement such as "Packed for", "Prepared for", or other acceptable declaration in order to show that the product was prepared by one other than the party named.

The relabeling of foreign meat or product after admission into the United States will not be permitted except in instances where the label has been damaged or destroyed by accident or wear-and-tear, and after permission to relabel has been granted by the Bureau. In such cases duplicates of foreign labels shall be affixed to the packages.

MARKING MEATS FOR VETERANS' ADMINISTRATION

In view of the fact that both the National Homes Service and Veterans' Administration Hospital Service are now purchasing meat and product under the Standard Specifications for Packing House and Dairy Products, Veterans' Administration Facilities, meat or meat food products both for the homes and hospitals should be marked in the future with the octagonal Veterans' Administration brand which was formerly used for hospitals only.

LICENSES ISSUED FOR BIOLOGICAL PRODUCTS, OCTOBER 1935

License no. 17 was issued October 15, 1935, to Beebe Laboratories, Inc., Larpenteur Avenue and White Bear Car Line, St. Paul, Minn. (mailing address: P. O. Box 3533), for: Abortion mixed bacterin (equine); abortion vaccine (bovine); avian tuberculin; blackleg aggressin (cultural); blackleg aggressin (natural); blackleg bacterin; blackleg vaccine; calf-scour bacterin (mixed); equine-influenza bacterin (mixed); fowl-pox vaccine; hemorrhagic-septicemia aggressin; hemorrhagic-septicemia bacterin; hemorrhagic-septicemia bacterin (for fowls); infectious-laryngotracheitis vaccine; keratitis mixed bacterin (for cattle); mastitis bacterin mixed (for cattle); mixed bacterin (avian); mixed bacterin (for cattle); mixed bacterin (for rabbits); mixed bacterin (for sheep); mixed bacterin (for swine); navel-ill bacterin mixed (for colts); polyvalent bacterin mixed (canine); polyvalent bacterin mixed (equine); tuberculin.

License no. 41 was issued October 18, 1935, to Kinsley Laboratories, 1103 East Forty-seventh Street (suites 2-6, Troost Building) Kansas City, Mo., and 211 Central Avenue, Kansas City, Kans. (mailing address: 1103 East Forty-seventh Street, Kansas City, Mo.), for: Abortion bacterin (equine); abortion vaccine (bovine); anti-canine-distemper serum; autogenous bacterin; blackleg bacterin; canine-distemper antigen; enteritis mixed bacterin (swine); fowl-typhoid mixed bacterin; hemorrhagic-septicemia bacterin; hemorrhagic-septicemia combined bacterin (avian); influenza mixed bacterin (equine); keratitis mixed bacterin (bovine); mastitis mixed bacterin (bovine); metritis mixed bacterin (bovine); mixed bacterin (avian); mixed bacterin (bovine); mixed bacterin (canine); mixed bacterin (ovine); mixed bacterin (swine); navel-ill mixed bacterin (equine); polyvalent mixed bacterin (equine); pulmonary mixed bacterin (swine); staphylococcus combined bacterin (canine); streptococcus bacterin (equine); white-scur mixed bacterin (bovine).

License no. 107 was issued October 11, 1935, to The Jensen-Salsbery Laboratories, Inc., Twenty-first and Penn Streets, Kansas City, Mo., and Eleventh Street and Douglas Avenue, Kansas City, Kans. (mailing address: Twenty-first and Penn Streets, Kansas City, Mo.), for: Anthrax aggressin; anthrax spore vaccine; antiabortion serum (bovine); antianthrax serum; antiblackleg serum; anti-calf-scur serum; anti-canine-distemper serum; antiencephalomyelitis serum (equine); antienteritis serum (swine); anti-hemorrhagic-septicemia serum; anti-hog-cholera serum; anti-influenza serum (equine); antimastitis serum (bovine); anti-mixed-infection serum (avian); anti-mixed-infection serum (canine); anti-mixed-infection serum (feline); anti-naval-ill serum (equine); anti-swine-erysipelas serum; autogenous bacterin; avian tuberculin; blackleg aggressin; blackleg bacterin; botulinus antitoxin; bovine-abortion vaccine; canine-distemper antigen; canine-distemper vaccine; canine-distemper virus; cholera-typhoid bacterin (avian); contagious-ecthyma vaccine (sheep); encephalomyelitis vaccine (equine); enteritis mixed bacterin (swine); equine-abortion bacterin; equine-influenza bacterin (mixed); fowl-pox vaccine; hemorrhagic-septicemia aggressin; hemorrhagic-septicemia bacterin; hog-cholera virus; infectious-rhinitis mixed bacterin (swine); johnin; keratitis mixed bacterin (bovine); mallein; mastitis mixed bacterin (bovine); metritis mixed bacterin (bovine); mixed bacterin (avian); mixed bacterin (canine); mixed bacterin (cat); mixed bacterin (ovine); mixed bacterin (rabbits); navel-ill mixed bacterin (equine); normal bovine serum; normal horse serum; pneumonia mixed bacterin (bovine); pneumonia mixed bacterin (swine); polyvalent mixed bacterin (equine); pullorin; rabies vaccine; staphylococcus bacterin (canine); tetanus antitoxin; tetanus toxoid; tuberculin; white-scur mixed bacterin (bovine).

LICENSES TERMINATED, OCTOBER 1935

Licenses no. 17, issued March 24, 1933, and December 18, 1934, to Beebe Laboratories, Inc., Larpenteur Avenue and White Bear Car Line, St. Paul, Minn., were terminated October 15, 1935, because of the discontinuance of production of anti-calf-scur serum; blackleg aggressin; hemorrhagic-septicemia vaccine (for cattle); normal horse serum; tetanus antitoxin.

Licenses no. 41, issued April 4, 1933, and September 24, 1935, to Kinsley Laboratories, 1103 East Forty-seventh Street, Kansas City, Mo., were terminated October 18, 1935, because of the discontinuance of production of pyaemic-arthritis mixed bacterin (equine).

Licenses no. 107, issued April 15, 1933, May 19, 1933, June 6, 1934, December 26, 1934, June 15, 1935, and July 5, 1935, to The Jensen-Salsbery Laboratories, Inc., Twenty-first and Penn Streets, Kansas City, Mo., were terminated October 11, 1935, because of the discontinuance of production of antienteritis serum (feline); avisepticus-sanguinarium bacterin; mixed bacterin (bovine); streptococcus-mastitis bacterin (bovine); and anti-equine-influenza bacterin (mixed).

License no. 187, issued February 24, 1927, to St. Paul Serum Co., St. Paul, Minn., was terminated October 23, 1935, because of the discontinuance of production.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

Penalties and fines have been imposed in prosecutions for violations of regulatory laws, as reported to the Bureau, as follows:

Twenty-Eight-Hour Law

Baltimore & Ohio Railroad Co., \$100 penalty.
 Louisville & Nashville Railroad Co., \$100 penalty.
 Northern Pacific Railway Co. (2 cases), \$200 penalties.
 Pennsylvania Railroad Co. (9 cases), \$900 penalties.
 Wabash Railway Co. (receivers) (2 cases), \$200 penalties.

Livestock-Quarantine Law

Terminal Railroad Association of St. Louis, interstate movement of infectious car (Illinois to Missouri) without prior cleaning and disinfection under Bureau supervision, \$100 fine.

Meat-Inspection Law

For offering uninspected meat for interstate shipment:
 Sperling Pork Stores, Inc., Brooklyn, N. Y., \$100 fine.
 Gene Brokerage Co., Minneapolis, Minn., \$15 fine.
 For offering unsound meat for interstate shipment:
 Clifford Nower, Earlville, N. Y., \$100 fine.
 Ward Willard, De Peyster, N. Y., \$25 fine.
 Elric J. Dailey, Lisbon, N. Y., \$25 fine.
 Carl Elmer, Kenwood, N. Y., \$25 fine.
 Fred Powers, New Woodstock, N. Y., \$25 fine.
 Charles Roach, Mexico, N. Y., \$25 fine.

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 464.—In re the Fulton Commission Co., market agency and dealer, Seattle, Wash. The Secretary of Agriculture on April 15, 1935, issued an order of inquiry alleging that respondent had engaged in and used certain unfair and deceptive practices and devices in connection with the buying of livestock in commerce. On May 11, 1935, the above-mentioned order of inquiry was amended. On May 9, 1935, a hearing was held at Seattle, Wash., at which the Government and respondent were represented by counsel. Respondent filed a brief on July 17, 1935. The issues in the case were presented to the Secretary in oral argument on September 19, 1935. On November 11, 1935, respondent was suspended from registration as a market agency and dealer for a period of 1 year, and ordered to cease and desist from using certain unfair and deceptive practices and devices in connection with the handling of livestock in commerce. It was also ordered to pay reparation to certain producers in the amount of \$806.72 with interest at 6 percent per annum from November 5, 1934, until paid.

Docket no. 473.—In re Joe Bonner, Fort Smith, Ark. The Acting Secretary of Agriculture on October 10, 1935, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed, neglected and refused to execute and maintain a reasonable bond to suitable trustees to secure the performance of his obligations incurred as a market agency and dealer. On November 1, 1935, respondent admitted the truth of the matters and things alleged and waived a hearing. On November 16, 1935, respondent was ordered to cease and desist from doing business as a market agency and dealer without executing and maintaining a reasonable bond or furnishing some other form of satisfactory indemnity, and was suspended from registration for a period of 6 months with leave, however, during said period to apply for a revocation of this suspension upon filing a reasonable bond or furnishing some other satisfactory indemnity to secure the performance of his obligations.

Docket no. 478.—In re C. Driver & Co., Inc., Baltimore, Md. The Acting Secretary of Agriculture on October 25, 1935, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act, 1921, in that it was insolvent and unable to pay its debts as they became due in the usual course of business. On October 31, 1935, respondent acknowledged receipt of the inquiry and admitted the truth of the matters and things therein alleged and waived a hearing thereon. On November 13, 1935, respondent was suspended from registration as a market agency and dealer for a period of 6 months with leave, however, during said period to apply for revocation of this suspension upon satisfactory proof that he is then solvent.

Docket no. 502.—In re Frank Anderson & Son, market agency, Omaha, Nebr. The Acting Secretary of Agriculture on November 5, 1935, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had failed to furnish an adequate bond to secure its obligations incurred as a market agency between July 15, 1935, and November 5, 1935. As it has been ascertained that the bond which respondent now has on file is sufficient to cover his business, on November 26, 1935, the case was dismissed without prejudice.

Poultry Markets Designated

In accordance with an order of the Acting Secretary of Agriculture dated October 29, 1935, the following-named city and markets and places in or near that city have been designated as subject to the requirements of the act of Congress approved August 14, 1935, entitled "An act to amend the Packers and Stockyards Act", by adding a new title, "Title V—Live-Poultry Dealers and Handlers":

Newark, N. J.; and

1. An unloading terminal of the Pennsylvania Railroad situated at Hunter Street Yards, Newark, N. J.

2. An unloading terminal of the Central Railroad of New Jersey situated at Mulberry and Mechanic Streets, Newark, N. J.

3. An unloading terminal of the Erie freight station situated at Passaic and Gouverneur Streets, Newark, N. J.

The above order becomes effective December 12, 1935.

B. A. I. Order 357

In order to carry out the requirements of an act of Congress approved August 14, 1935 (Public, No. 272—74th Cong.), entitled "An act to amend the Packers and Stockyards Act", by adding a new title, "Title V—Live-Poultry Dealers and Handlers", it was necessary that the rules and regulations of the Secretary of Agriculture issued in pursuance with the requirements of the Packers and Stockyards Act, 1921, be revised. Therefore, B. A. I. Order 323 has been superseded by B. A. I. Order 357, effective November 25, 1935.

ROBERT M. CHAPIN APPOINTED CHIEF OF BIOCHEMIC DIVISION

The appointment of Robert M. Chapin as chief of the Biochemic Division effective November 1, is announced, succeeding Dr. Marion Dorset, who died last July. Mr. Chapin undertakes his new duties with a background of 28 years of investigational work in the Bureau of Animal Industry. During this time he conducted research and tests for the development and standardizing of dipping fluids, disinfectants, and related products and is the author of numerous publications in those fields. He has collaborated also with other investigators in a wide range of chemical and biological studies.

PERMITTED DISINFECTANT

The Bureau has granted permission, under the provisions of B. A. I. Order 309, for the use in the official dipping of cattle and sheep against scabies, of Rex Lime and Sulphur Solution, manufactured by the Thompson-Hayward Chemical Co., Kansas City, Mo. Each gallon of the product shall be diluted with water not in excess of 15 gallons for dipping cattle and with 20¼ gallons for dipping sheep.

Permission for the use of Rex Lime and Sulphur Solution as manufactured by the Rex Co., Omaha, Nebr., has been withdrawn.
